

DOMKE®

NEXT GENERATION

GearProtex™

Insert System

The GearProtex™ System is a revolutionary, customizable patent-pending insert system that protects and personalizes your Domke bag and let's you do it your way!

Compartmentalize and organize to create any size or shape using our bendable, self-adhering separators. Our unique hook & loop binding eliminates those pesky flaps. Bonded layers of high density foam provide cushioning, flexibility and what we like to call "soft armor".

GearProtex™

GearProtex is a revolutionary, customizable insert system. Compartmentalize and organize to create any size or shape using our bendable self-adhering separators.
